

COUNTY BOARD IN REGULAR SESSION

Commissioners Give California Its Ultimatum, Grants a Street Car Franchise and Does Several Other Things

The County Board of Commissioners met yesterday at the courthouse in regular session with all members present. A couple of hours were spent in allowing the usual bills.

Several permits to carry concealed weapons were granted.

The report of County Expert Roff was received and placed on file.

Judge Curlier's petition for additional furniture in the judge's chambers was granted.

Captain J. W. Hopkins was granted a permit to construct and operate an electric street railway line from the southern limits of Reno along the county roads to Steamboat Springs.

The board instructed District Attorney Pike to notify the California Fish Commission to either comply with the agreement to stock the streams in this county with a certain proportion of the fry from spawn taken in the county, or suffer its permit to take spawn to be revoked.

A Frustrated Plot Special to The Journal

SALEM, Ore., Dec. 7.—An attempt to poison two of the nightwatchmen employed on the inside of the prison yards and buildings at the Salem State Penitentiary, to be followed by a wholesale jail delivery, was discovered several days ago and the news just made public.

The guards noticed that their tongues were getting sore and their suspicions were aroused. A watch was placed and it was discovered that the food was poisoned.

One of War's Rumors Special to The Journal

COLON, Dec. 7.—A rumor reached here that 3000 soldiers have left Cartagena for the purpose of invading the Isthmus. No details are known and the rumor is not confirmed. As a means of precaution the United States gunboats are guarding the coast on both sides of the Isthmus and Panama soldiers in small parties are scouring the country. It is not believed that any force will get within striking distance.

Another Rumor Special to The Journal

WASHINGTON, Dec. 7. — Instructions were sent the naval vessels at Panama and Colon some days ago to be on the watch against possible attacks. The Colombians have refused to confirm or deny the report.

SUDDENLY FRANK SINGLETON EXPIRES

A Well Known Renoite Demised Early Yesterday Morning, Apparently Suffering from an Attack of Heart Failure

Frank Singleton, a well known resident of this city, was apparently in his usual health early yesterday morning, but at 8 o'clock he fell dead. There was every indication of an attack of heart failure, but he was removed to the morgue, where an inquest over the remains will be held today by Coroner Updike after an autopsy is performed.

Mr. Singleton came from the east many years ago and made Reno his place of abode continuously since that time. His age could not be learned last evening nor his place of nativity. The deceased was possessed of a number of valuable pieces of real estate in this city and had money in the bank. So far as can be learned he has not a relative in the world.

The funeral will be held at 2 o'clock tomorrow afternoon from Perkins & Oliver's mortuary parlors and the interment will be in Odd Fellows cemetery.

WAITING FOR MATERIAL

Reno Transit Company Will Soon Be Ready For Actual Construction

While the contract for the construction of the Reno Transit company's electric street car line has not yet been signed, arrangements are consummated so that there will be developments in a couple of days. The actual construction work will not require a long time with a large force of men, such as will be used. The chief delay is in securing material. The rails and ties will be contracted for this week and within a month there will be an accumulation of material on hand so that the work can be rushed to completion.

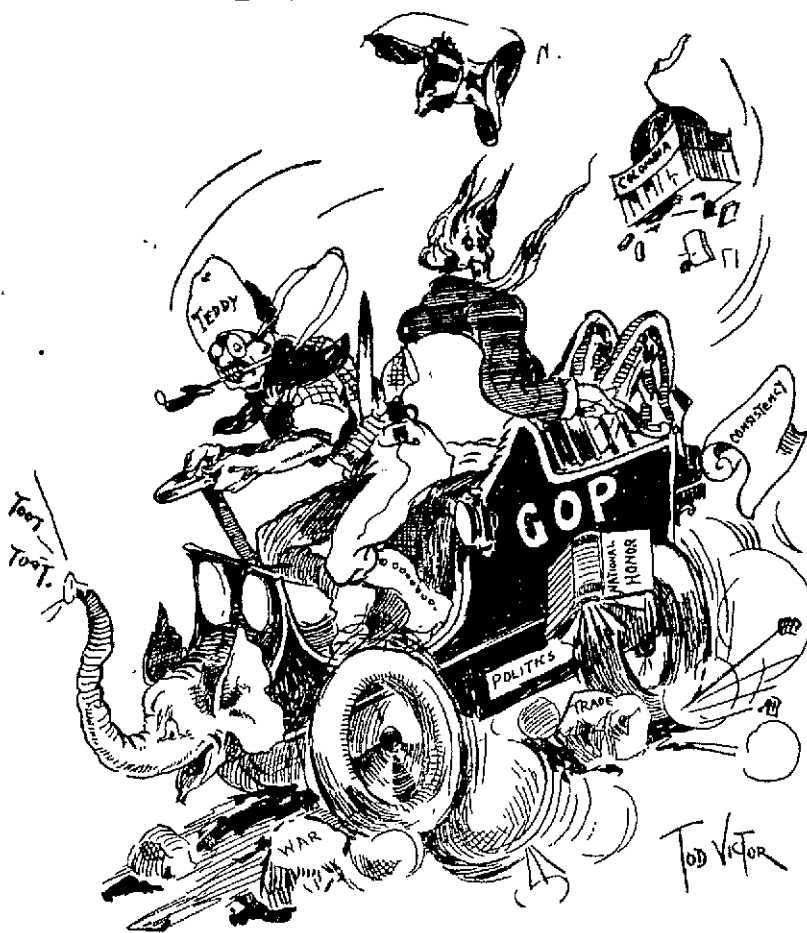

Taking Vacations

Engineer Fogus of the fire department returned yesterday from San Francisco, where he spent his annual vacation looking up the manner in which fires are put out in that village. Engine Stoker Andy Tillman has departed for the city on his annual leave of absence. He will also bother the San Francisco fire fighters for information for the next week or two.

Evening of Music

Don't fail to attend the concert to be given in this city on the evening of the 21st, by Mrs. Cora Hall, one of Reno's sweetest singers, assisted by Oyls Carrington, a clear voiced tenor from San Francisco. Miss Jessie Levy of this city will accompany them.

RACE SUICIDE

ELECTRIC LINE TO STEAM- BOAT SPRINGS

Permit Granted to J. W. Hopkins to Use Public Thoroughfares for That Purpose—Will Extend to Bower's Mansion

Not only will Reno be girded with street railways next spring and bound to East Reno, or rather East Reno to the parent city, by bonds of steel, but another line is in prospective and one that stands a splendid show to be built.

Captain J. W. Hopkins returned several days ago from New York and other eastern cities on a mission to float a company, the intentions of which were made public in a letter received several days before Captain Hopkins' return, stating that he had secured \$150,000 for the construction of a hotel and sanitarium at Steamboat Springs.

More of the reticent Captain's plans were discovered yesterday when he applied to the County Board of Commissioners for a right of way to construct and operate an electric railroad from the southern limits of this city over the county roads to Steamboat Springs. A sufficient showing was made to the board to cause them to grant the right of way, contingent upon the complying with certain necessary conditions.

It was learned late last night that the electric road is not to stop at Steamboat Springs, but will be continued on to Bower's Mansion.

Henry Riter, proprietor of the latter resort, is evidently one of the prime movers in the project, but he

would not commit himself when hauled out of bed last night by a Journal reporter to be interviewed. He, however, admitted that he "had talked the matter over some" with Captain Hopkins.

If the road is ever started it will never stop at Steamboat Springs, or Bower's Mansion, either. There is a pressing demand for an electric line from Reno to Carson and even on to Gardnerville. The present fare of about seven cents a mile from Reno to Carson by railroad is an imposition that has been submitted to for many years, but the time is at hand when a cheaper fare must be had. Thus far it has simply meant a reduction in traffic between the two towns, which has not profited the company. A reasonable fare, such as the electric line would compel, would mean a large passenger traffic between the two neighboring cities and bring the southern country into closer touch with the metropolis of Nevada.

Will Reside in Reno

Frank Golden has invested a large amount of his Tonopah winnings in this city and will make Reno his home. He has purchased from D. C. Wheeler the lot on the north side of Mill street, now used for a corral, for \$3000 and will erect a stately mansion on the site.

IN SPITE OF THE METHODS AT PRESENT

Tonopah Is All Right and Will Boom, Even if the Tonopah Mining Company is Trying to Depress Mining Stocks

Henry C. Cutting came up from San Francisco last evening and will continue on to Tonopah in a few days, where he will remain until spring.

Mr. Cutting says that he believes Tonopah to be on the verge of another boom. He says that a number of contracts have been signed up for the building of a railroad into the camp and that work in his opinion will shortly begin.

"There is a big boom ahead for Tonopah," says Mr. Cutting, "as big as would have occurred if the leasers had been permitted to continue operations and develop the camp." Although he did not say so, it was the impression given out that Mr. Cutting doesn't think much of the modus operandi of the Tonopah mining company, an opinion that is generally shared. The outfit of cheap Philadelphians is doing nothing except to hammer down stocks for the apparent purpose of getting complete control of this huge property.

STABBED IN BACK

Foreigner Injured in Fight at Clark Station

A Spaniard, who is unable to speak English and who was suffering so that he could not give his name, was brought up from Clark Station Sunday morning and placed in the Whitaker hospital.

The Spaniard had been stabbed in the back just over his kidneys. Dr. Walker attended to his injuries, and the man is resting easier with almost a certainty that he will recover. No arrests have been made. In fact the injured man either refuses or is unable to state who stabbed him.

Likes the South

Word comes from Morton Pratt that he is comfortably ensconced in a good position with a mining company in Lower California. He likes Mexico and it will be many a long day before his Nevada comrades see him again, except on a visit home.

You Will Kick Yourself

The members of the Reno Wheelmen Club who fail to be present at the "smoker" next Thursday evening will miss a night of splendid amusement. The entertainment committee are hustling to beat the band and promise some rare sport.

Hot noon lunches at J. J. Becker's.

HORSE RACING IS ON THE TAPIS

Splendid Program Arranged for Next Saturday and Sunday to be Pulled Off at the State Fair Grounds

Following is the program for the race meet at the Agricultural track next Saturday and Sunday, December 12th and 13th:

First race—3-8 mile, purse, free for all.

Second race—3-4 mile, purse, free for all.

Third race—1-2 mile, saddle horse.

Fourth race—Match race, best two in three, trotting, between Solomon V., owned by J. R. Bass, and Princess, owned by G. L. McInnis, for purse and side bet of \$200.

The program for Sunday's races and the entries for Saturday will appear in The Journal next Saturday morning. As considerable rivalry now exists among local horsemen as to the merits of their respective animals, the meet promises to bring out some good stock, and spectators and those sportively inclined are promised a run for their money.

Will Investigate Matter

Special to The Journal
WASHINGTON, Dec. 7.—Admiral Evans' Asiatic fleet has dispatched the gunboat Annapolis to Formosa, to make a thorough investigation into the attack upon the crew of the American ship Benjamin Seawall, abandoned October 5th at sea. The crew who were in a boat near the shore were attacked by natives and all but a few killed.

Canada is Independent

Special to The Journal
OTTAWA, Dec. 7.—Minister of the Interior Sifton in an address tonight said that Canada did not need the protection of the English navy and no bribes to keep Canada in the empire. Only those preferential agreements of mutual advantage will be considered.

Ice Men Happy

The ice on the up-river ponds was five and one-half inches thick yesterday morning and clear as crystal. It is now zero temperature at the ice fields and the companies expect to begin harvesting twelve-inch ice within a week without any snow on it. A large number of men and teams are already on the ground.

A Musical Treat

Mrs. Cora Hall will give a song recital at McKissick's Opera House December 21. She will be assisted by Otis Carrington, a tenor from San Francisco, and Miss Jessie Levy of Reno. D2w2

POLITICS AND BUSINESS

PANICS in the past have been charged up to the Democracy. The charge has been repeated so often that many people accept it without investigation, seeming to them, as it does, a foregone conclusion. There is no doubt in the mind of any thoughtful person that the panic of 1893 was due to conditions existing prior to the time that Cleveland came into office, but nevertheless the fall in prices, the stagnation in business, the failure of the banks etc., all took place when the Democrats were in power and the Democratic party had to suffer. Should the administration at Washington change to-morrow and the Democrats come into power, and should a panic ensue Democracy would have to bear the blame, although as a matter of fact it would be in no way responsible.

Many months ago the seeds of panic were sown and is growing every day and is liable to burst into full flower at any time. Stocks have been declining for more than a year; laborers are being discharged and thousands of men and women are out of employment. The cotton mills of the country have reduced wages more than 10 per cent and so has the United States Steel trust. The Dominion Steel company to meet the huge reduction of its rival will have to follow suit by a cut off of 33-1-3 per cent.

When President McKinley took office, prosperity was evident all over the country. People generally took it for granted that his election had something to do with it; that it came because the Republicans held the reins of power. As a matter of fact, Republicans had no opportunity to inaugurate a single departure, moderate or radical in government affairs. With the assassination of McKinley times began to tighten up a bit. Roosevelt was blamed for it, and yet their had been no change in the plan of government and the personality of the executive could not bring about these changes.

Panics are the result of our competitive schemes. They are the result of over-speculation and over-extension of credit. Just as surely as night follows day will panics follow such lack of prudence in business affairs, such wild speculation as has been indulged in during the past few years. At election times Republicans tell us that prosperity is due to a protective tariff. Surely our tariff wall is high enough, but hard times are in sight notwithstanding. Those who insist that prosperity is not on the wane are liable to receive a shock ere long that will open their eyes to the true facts of the case. Even the dullest is likely to learn from sad experience that things are on the downward grade. We have been told repeatedly that if the "captains of industry" were given a free hand good times would be assured forever. The trust is in the saddle, the corporations not only rule trade and every commodity but politics as well. If the so-called "captains" of industry have any power over their henchmen and if the prosperity which the country has enjoyed in the past was due to their presence among us, why not all the talk of the reduction of wages; the laying off of hands and the cutting down of expenses? It is all very well to theorize about things but starvation or at least want, it the result of lack of work.

If the policy of imperialism is inaugurated the Republican party lends an impetus to trade, as is said, how are we to account for the tardiness in trade at the present time? Is it because we have not enough imperialism? To us it seems that we are now carrying the policy to its limit, but may be it is not so, and all that is necessary to secure better trade is for us to go forth and lay hold of a few more countries across the seas and "benevolently assimilate" them.

Just as long as the nation, as a nation, goes ahead investing money, improving public and private property, extending railroads and canals, building ships and cities and towns, just so long are times prosperous, but when the bills come in and must be met, then surely there is trouble ahead.

SENATOR HOAR raises a point worth considering, that the senate should refuse to receive petitions for the unseating Senator Smoot of Utah or any other member. He says the senate in such a case acts in its judicial capacity and any attempt to influence it, by petition or otherwise, is as improper as to attempt to influence a judge. If the Massachusetts senator is correct it would appear that congress is not altogether a legislative body as has been generally supposed, and that the judicial branch of the government is not altogether represented by the courts as most of the American people have been led to believe.

THE distance between the grub and the top of the dinner pail grows greater every day, and the wage scale is lowering in the same proportion. But the employers are still disposed to "stand pat" and to "let well enough alone."

probably last as long as you will, but perhaps it will be interesting to know how it will eventually go to eternal smash. It is this way: As the interior of the earth grows gradually cooler, the waters on the surface will sink and be absorbed until the exterior of the earth will become a parched and uninhabitable desert. Another theory is that the water will encroach on the land, eating it away until the ocean entirely covers the surface. A more picturesque theory holds that our world is bound eventually to collide with some one of the innumerable comets that are tearing irresponsibly through space; or the sun's heat may suddenly become so intensified that the earth will be shrivelled up like a moth in a candleflame."—Harper's Weekly.

A COLORED MAN'S OPINION

BISHOP HALSEY, of the African Methodist Zion church, thinks that the settlement of the race problem lies in setting aside a State for negroes alone. "The two races," said Bishop Halsey, "have never lived in harmony in the southland, and I am of the opinion that it is impossible for them to do so. We are told that the south is a white man's country, but if it is, that race has shirked its responsibility in caring for the negroes. The labor of the south today is done by about half colored men and half white laborers. The colored labor has proven to be the most expensive that was ever employed." He went on to say that the white man was crowding the negro out of employment in the south and that the negro was going to the north and west. He spoke of the evils of mixing of the white and colored blood, declaring that it was harmful to both races. There is just one trouble with his proposition. It would not be satisfactory to negroes or whites.

HAS any union come to light yet which forbids digestions from working overtime?—Carson, News. No. But the unions have furnished material for digestion for thousands of stomachs that would have been but sparsely supplied because of cotton mill operators being obliged to work overtime on account of the corner on that staple created by soulless monopolists.

IT transpires that one of the ports thrown open to the United States in Manchuria is nearly six-hundred miles from navigable water. Thus are our diplomatic triumphs sadly pined now and then.

THE SUNNY SOUTH

Carl Stoddard Returns from Lower California and Tells The Journal Something About That Promising Country

Carl Stoddard dropped into town yesterday from Mexico, where he was engaged for the past few months constructing and operating a cyanide plant for the Aurora Consolidated mining company.

The plant has a capacity of forty tons of tailings a day and it will require a number of years to exhaust the big pile that has accumulated below the mill.

The plant is situated at Alamo in Lower California, in a region rich in mineral deposits. Although a number of mines have been operated there at a good profit for a long time, the district has only lately come into popular attention and there is a considerable influx of population from the United States.

Mr. Stoddard will remain in this city for a few weeks and will then return to Tonopah.

ADMITTED TO PRACTICE

Major Spriggs Will Make Reno His Permanent Abode

Major Ben P. Spriggs, superintendent of the Pyramid Indian Agency, has been admitted to practice law in all the courts of Nevada. The major does not intend to retire in the immediate future from the Indian service, where he has made such signal success, but in that remote future, commonly styled "some day," he will hang out his shingle in this city.

Major Spriggs was admitted on motion, a sufficient showing having been made before the Supreme Court that he was duly accredited to practice in New York State, where he was corporation attorney for the City of Utica for four successive terms before entering the Indian service.

Inhuman Treatment

A horse was brought into town from the north yesterday and tied in front of a Virginia street business house. The abrupt appearance of the animal caused a passing citizen to inform Officer Ferrel. The latter attempted to lead the animal to a livery stable, but found it unable to walk. Several attempts caused it to fall. The horse was hitched behind a wagon and "pulled by the neck," as it is termed, treatment which results in incurable spinal disorder. The Journal has not learned what disposition was made later of either the horse or the inhuman person who caused its injuries and then allowed it to stand unblanketed in the freezing night air.

A TONOPAH SALOON

The Robbery of Cole & Elliott's Place Recalled by the Capture of a Kid Banquet in a Far Away Eastern City

Peter Niedermeyer, a youngster who participated in the robbery of a car barn at Chicago recently, was captured with three other young outlaws and in his admission, covering a quartet of murders, he said that he is the person who held up Cole & Elliott's saloon and gambling house in Tonopah last winter, shooting one of the proprietors.

The young bandit's story is in part as follows:

Edging around to be as near the 'bank' as possible, Niedermeyer drew his two automatic revolvers, and, covering the roomful of armed men with one weapon, menaced the lookout with the other, ordering him to descend. Scarcely had he complied when the young bandit put away one gun and made a grab for a satchel of money. The proprietor started to run for the rear door at this, and Niedermeyer hit him in the back of the head, the bullet glancing. The man went down, but rolled to an alarm box, and turning a switch, set a great gong on the corner to ringing.

In the confusion, Niedermeyer reached the rear door with the money, ran down a dark street to an alley, tore off his mask, and transferred the money, amounting, as he says he found later, to over \$5000, to his pockets, walked calmly among the excited inhabitants of the town, making a pretense of joining in the pursuit in order to get safely away. A reward of \$1000 for the capture of the highwayman was offered.

VITAGRAPH THEATER

Fine Performance at No. 20 West Commercial Street

During the last week the Vitagraph theater played to its capacity at each and every performance and presented a line of interesting moving pictures, which were received by many of our prominent citizens and their families, and, speaking of the management and the way the cozy little theater is conducted, in a complimentary way, ladies and children will find it a moral and first-class entertainment to spend their leisure moments when out shopping and witness many interesting subjects in moving pictures. All of this was demonstrated last week by the large crowds of ladies and children that patronized the performances.

Manager Groesbeck put on Sunday an interesting bill showing the physical encounter between McGovern and Gans and McGovern and Corbett with numerous other moving pictures and illustrated songs playing to the capacity of the cozy little theater during all of the six performances.

The feature for the coming week will be Uncle Tom's Cabin, produced to its entirety with illustrated songs by Roberts. Everything is strictly moral and will please the young and old.

Two performances will be given in the afternoon, beginning at 3 and 4 o'clock. Performances in the evenings beginning at 7, 7:45, 8:40 and 9:15.

A Musical Treat

With the "Uncle Josh Spruceby" company, which comes to the McKissick Opera House for this evening, is the celebrated Spruceby orchestra of eight soloists. This musical organization has a worldwide reputation and is under the direction of a talented leader and composer of note. A very popular program is rendered between the acts. A big band is carried by the company, and a novel and unique parade is given at noon daily and includes a concert by the band. A carload of special scenery and mechanical effects are used.

The realistic sawmill scene is one of the most startling pieces of stagecraft ever produced. Twenty people are in the company, which is the largest production ever attempted at popular prices.

A LODGE OF SORROW

Impressive Ceremonies in the Carson Opera House in Memorial of Members Who Passed Away During the Year

The Reno Lodge of the Benevolent and Protective Order of Elks visited Carson Sunday and held their annual Lodge of Sorrow, in remembrance of members of the order who passed away during the year. Over one hundred Reno Elks and their ladies attended the memorial services, which were held in the opera-house.

The stage was decorated in the colors of the order and the national tricolor.

There was barely standing room in the large hall and the work given was very impressive. Every lady who entered the hall was presented with a bouquet of violets and maiden hair fern.

Music was rendered by the Nevada State band.

AN OLD MARRIED COUPLE

But They Got Charivari'd Last Night Just the Same

Carpenters & Joiners' Local Union, No. 971, held its regular meeting last evening. There were a couple of initiations and some of the officers were nominated for the next quarter.

As the business of the evening was nearly concluded somebody arose and announced that F. E. Clock had a woman in his house and that it looked to him very much like a secret marriage.

The union looked astonished and another member stated that in his opinion a charivari would be in order.

The whole union, aristocracy, plutocracy, rag tag, bobtail and Doc Burton immediately set forth, armed with what noisemakers could be picked up on short notice.

Arriving at the Clock mansion they played an overture and out came Clock, accompanied by four or five of his little tickers. Another tune was played after which Clock passed around a red bottle and informed his fellow carpenters that he had been married for thirty-seven years and that his wife had just returned from an extended visit to California.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ, and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly, makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

New Suburb Is Building Up Into a Town of Goodly Proportions and Promises to Thrive

DATE OF REMOVAL

The Division Point Will Be Located Here About February 1st

Every indication now points to the removal of the passenger and freight division end from Wadsworth to Reno February 1st and the removal of the freight division from Truckee here on the same day.

This is made apparent by the rapid completion of the roundhouse and transfer table and yards, as well as the fact that railroadmen, who are naturally non-communitive, are here in droves these days, looking for houses and boarding places. They invariably bargain to begin February 1st.

When the change takes place the railroad employees will nearly all be located in this city, because there are no accommodations at East Reno at present. The street car line, if completed by February 1st, would be insured an immense business from the opening day.

The new schedule will go into effect the day that the change is made. It is reported that all trains from the east will arrive about five hours earlier and faster time will also be made from the coast here, due to the cutting out of the long stop at Truckee.

Early Morning News

The Journal is now delivered by carrier at East Reno by daylight. There is a large subscription list there. Every business house in the new town takes the paper.

The House of the Honey Moon In order to be complete should be papered with a few of our high-class novelties, and we have a line of pictures fit to grace any home. Visit our art gallery.

NOTHIN' DOIN'

Barclay Tells The Journal About the Progress of East Reno Work

Several days ago The Journal approached Engineer Barclay for an article on the railroad work at East Reno. The chief of construction promised that it would be ready for this morning's paper. Yesterday a bulky envelope arrived at this office and hopes ran high. After several thicknesses of paper were removed the "article" came to light. The communication awaited, read:

"Nothin' Doin'."

BARCLAY.

It is a noticeable fact that Engineer Barclay is the most inconsequential man on the job. Of the eight hundred people working there Mr. B. is least in evidence. He loafs around with a sleepy look in his eyes and apparently doesn't know that he is alive, and yet he is the director of all the magnificent enterprise, the cost of which will be between three and five million dollars. The splendid system evidenced and the steady, uninterrupted progress of the work are the product of his thought and execution.

RETARDING THE WORK

Cold Weather Causing Some Trouble at East Reno

While the present weather has been favorable for the construction of the roundhouse and other buildings at East Reno, the extreme cold of the past few nights has frozen the cement so that "applications of hot towels" are necessary every morning. It requires several hours to get the temperature raised so that concrete laying can be resumed.

As yet the cold weather has not interfered with the water pipes doing business and the delays are at present inconsequential and will not materially delay completion of the work.

NOTICE OF DISTRIBUTION

In the Second Judicial District Court of the State of Nevada in and for the County of Washoe. In the matter of the estate of Ethel Alfred Bliven, deceased.

Notice for hearing the first and final account of executor and petition for final distribution of said estate.

Notice is hereby given that Charles Bliven, the administrator of the estate of Ethel Alfred Bliven, deceased, has rendered and presented for settlement, and filed in said Court, his first and final account of his administration of said estate and his petition for final distribution thereof; and that the hearing of the same has been fixed by said Court for

Thursday, the 17th day of December, 1903.

At 10 o'clock a. m. of said day, at the courthouse in the City of Reno, county of Washoe, State of Nevada, and all persons interested in said estate are notified to then and there appear and show cause if any they have, why said account should not be settled and allowed, and said petition for distribution granted as therein prayed for.

A FILL!!!

The first thing that you should consider in a shoe is that it shall fit the foot perfectly—closely but not tightly—with no waste space, yet with no pressure.

There's the point! There's the rub! We can fit shoes because we have shoes that are made on scientific lines.

Sorosis - - - \$3.50
Queen Quality \$3.00
Walk-over - \$3.50

It requires no effort to fit these shoes.

We will fill mail orders. All styles. All leathers.

SUMMONS

In the Second Judicial District Court of the State of Nevada, in and for the County of Washoe.

The State of Nevada sends to Beatrice H. Doherty, Greeting: You are hereby required to appear in an action commenced against you as defendant by John Doherty as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein, within ten days after the service on you of this Summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said days, and in all other cases, forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to recover an order and decree of said Court: First, that the bonds of matrimony now and heretofore existing between this plaintiff and this defendant be fully, completely and forever dissolved. Second, for such other and further relief as the Court shall deem meet and the equities of the case may warrant. Said order and decree is sought by plaintiff as aforesaid upon the ground of wilful desertion for the period of more than one year alleged to have been committed by you against him after your intermarriage with him on the 14th day of May, 1901 as follows to wit:

That on the 28th day of August, 1901, the defendant, disregarding the solemnity of her marriage vow, wilfully and without cause, deserted and abandoned this plaintiff, and has since that time, for more than one year last past has and still continues so to wilfully and without cause, desert and abandon this plaintiff, and to live separate and apart from him, without any sufficient cause, or any reason, and against his will and without his consent, and this said act of desertion above set forth is and remains entirely and wholly uncondoned and unforgiven. All of which will more fully appear from the complaint, which is on file in the office of the Clerk of said Court, at Reno, in said County and State, and further notice is referred. And you are notified and advised that if you fail to appear and answer said complaint, the plaintiff will apply to the Court for the relief demanded.

In testimony whereof we have hereunto set our hands and seals at Reno, County and State of Nevada, this 2d day of November, A. D. 1903. W. B. CRAIG (Seal) R. C. STODDARD (Seal) Attorneys for Plaintiff. Date of first publication, Nov. 5th, 1903.

No. 7038

Office of Comptroller of the Currency, Treasury Department, Washington, D. C., Nov. 16, 1903.

Whereas, By satisfactory evidence presented to the undersigned, it has been made to appear that

THE FARMERS AND MERCHANTS NATIONAL BANK OF RENO,

Located in the City of Reno, in the County of Washoe and State of Nevada, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking

Now therefore, I, William B. Ridgely, Comptroller of the Currency, do hereby certify that

The Farmers and Merchants National Bank of Reno, located in the City of Reno, in the County of Washoe and State of Nevada, is authorized to commence the business of Banking as provided in Section Fifty-one Hundred and Sixty-nine of the Revised Statutes of the United States.

In testimony whereof witness my hand and Seal of office this sixteenth day of November, 1903. (Seal.)

WM. B. RIDGELY,

Comptroller of the Currency. n25d60

CHURCHES DO

Contributed Information Regarding Denominational Work, a Department That All Churches are Welcome to Appear In.

METHODIST—Music is a regular feature of our services both morning and evening. However, the choir, under the leadership of Mrs. Cora Hall, is preparing a more elaborate program to be given December 20th, the Sunday before Christmas.

At 12:30 p. m., Sunday, the funeral of "Robbie" Burke, one of our Sunday School scholars, a bright little life ending, but Christ said "Suffer, the little children to come unto me."

On Friday night, from 7 to 9, at the church, the Junior League will hold a social. Program at 7:30. No refreshments and no admission. All the friends and parents of the Juniors are invited. Come out and encourage the children in the work.

BAPTIST—The thing of most absorbing interest this week with our people is the New England dinner and Christmas sale, under the auspices of the Ladies' Aid Society, at Harmony Hall, on Thursday afternoon and evening. Our ladies have a very enviable reputation in the matter of serving dinners and they are determined that this effort shall not only uphold their good name, but win for them few honors. They have arranged to use both the spacious lodge hall and banquet room at Harmony Hall, where they will have ample room to serve their many friends. Besides the splendid square meal that they propose to serve, they will have a fine display of their own handwork, handkerchiefs and other articles, such as you will want for your Christmas gifts.

The admission will be free to everybody. You may come any time in the afternoon and see the things that will be on sale. Sit down and rest and listen to the music and it won't cost you a cent, or you can buy anything you see at a reasonable price or be served to a fine dinner, any time from 4 to 7 o'clock at a nominal price. The ladies are anxious to see 300 or 400 of their friends and feel sure of having room and provisions for all, this time.

The special meetings held at the various school houses by Rev. H. B. Adams during the last couple of weeks have proven very helpful to many people, and we shall have additions to our church, by baptism, as a result of the meetings. This work will be carried on until about the 20th of this month, when Bro. Adams will go to spend his Christmas vacation at Palo Alto, California.

The preparations for our Sunday School Christmas exercises are well under way. Scholars and teachers are working hard and we expect to have one of the best programs we have ever had. We want the many strangers of the city, a goodly number of whom have been attending our Sunday School, to feel perfectly at home both in the matter of attending our Christmas entertainment and bringing presents for their children to place on the tree.

Next Sunday we expect to have two especially interesting services; the one, a Baptismal Service at 11 o'clock, when three or more persons will be baptised; the other, a special cradle-roll exercise in connection with the Sunday School, when a score or so of children will be formally enrolled in the Sunday School. A large attendance of the entire school is expected to witness and participate in this exercise.

Prayer meeting tomorrow night at 7:30.

Salvation Army

The local corps has not succeeded in getting into a hall yet, but the meetings have been well attended, considering the frosty evenings.

Next Sunday the morning meeting will be held at 10:30 and the afternoon service at 2 o'clock. The subject of the afternoon service, led by Adjutant Bryant, who is an ordained minister, will be "The Life Story of a Salvation Captain Who Finished Her Career in Reno December 14, 1893."

The officer in charge of the local corps has ordered a large supply of the Christmas edition of the War Cry, which is to contain a superb lithograph of the late Consul, Mrs. Booth-Tucker, as a supplement.

If late with your lunch you can order most anything at 14 East Second street. Goods promptly delivered.

HUMANITY OUTRAGED!
The United States dispensatory says conium PARALYZES the motor nerves; aconite reduces muscular strength; belladonna produces PARALYTIC symptoms; hyoscyamus and stramonium are same as belladonna; opium lessens the peristaltic motion of the bowels, "DO NOT EXERCISE ANY CURATIVE INFLUENCE." Some of these are contained in all of the ancient pills medicines.
Of E-RU-SA, the ONLY non-poisonous Pill Cure, over 4,000 druggists and doctors of the highest commercial standing say in substance:

HIS HONOR APOLOGIZED

Judicial Absent Mindedness Evidenced Yesterday in the Courthouse

His Honor Judge Currier stepped into the County Commissioners' room yesterday while the board was in session and made an address before them, requesting that they provide more room and additional furniture in his chambers.

He did not forget to address the county fathers as "Your Honorable Body, etc.," but he did appear in the august presence smoking a cigar and without removing his hat.

Later in the day His Honor recollected the indecorum and appeared again before the board, craving its pardon. Judge Currier ought to get that furniture and as much room as he applied for.

Business and Pleasure

F. A. Chapman, the man who sold Reno its Metropolitan steamer, No. 3, is up from the city to spend his vacation here. He will be a bidder for the additional fire fighting machinery to be purchased by the city out of its recent issue of fire bonds in the sum of \$30,000. Mr. Chapman was around to the fire house yesterday and he complimented the boys on the manner in which they are keeping up the equipment.

The Best Remedy for Croup

(From the Atkinson, Kan., Daily Globe)
This is the season when the women who know the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, known as hive syrup and tolu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by S. J. Hodgkinson, druggist.

Stepped Against a Hot Stove

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by S. J. Hodgkinson, druggist.

For a Bad Cold

If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs. For sale by S. J. Hodgkinson druggist.
